THE SANTA FE NEW MEXICAN

March 12 - 18, 2010

## ON THE COVER

### 30 A dream within a screen

Artist Alysse Stepanian once dreamed of a cleaning lady whose broom became a machine gun, and this fantastic image, inspired by Stepanian's memories of the 1979 Iranian revolution, was woven into one of her short films. Since early 2009, Stepanian has brought Santa Fe monthly installments of cutting-edge video art in an ongoing program called Manipulated Image. On Friday, March 12, *For Action's Sake* — a four-hour-plus program of music, live performance, and moving pictures by artists from 10 different countries — celebrates one year of Manipulated Image in Santa Fe. On our cover is an image from the *Ballettikka Internettikka* project of Igor Stromajer and Brane Zorman.
